LOGO REQUIREMENTS

- The file must be in **vector format**, which should be either .EPS, .PDF or .AI;
- Artwork can be printed in full colour CMYK;
- Always keep some margin between the design and the edges of the banner;
- Artwork is printed on white background banners. Please contact us for other options;
- Mention in your order whether you want your banner to have rounded corners or not;
- It is also possible to add Velcro connections to the AirProduct's side that will allow you to change banners easily. Please contact us for details;
- When ordering large quantities, you may want to consider bannerless logos, like our own AirTrack Factory logos. These logos come in quantities of 500 pcs or more and must be ordered at least 3 months in advance due to the supplier's delivery times. Interested? Feel free to ask us about the details of these stickers.
